Centre Support

Room Leader and Supervisor Training NQS Quality Areas Five and Six

Achieving an overall rating of Exceeding requires strong leadership and consistently embedded practices for all educators. How would you like to learn practical strategies to engage all educators throughout your continuous improvement process?

Our new training is designed for people who want to be the best leader for their team. This will help you lead your team to Exceeding, reduce stress, eliminate overtime and promote consistency. Centre Support's Room Leader and Supervisor Training series can bring your whole team together so everyone is on the same page. Delivered by Julianne Sharan.

Perfect for any educator in a leadership position such as Room Leaders, Certified and Nominated Supervisors.

PS: Did you attend our Room Leader and Supervisor QA1 and EYLF Training? This new training follows-on from the first course and links directly to relationships and partnerships, the foundations of EYLF. Attendance at the first course is not essential.

Event Details

9.30am – 1.30pm, Saturday 5 April, 2014

Dooleys Silverwater, Silverwater Road, Silverwater NSW

Topics

- QA5 (relationships) and QA6 (families): how to build real relationships with children and creating collaborative relationships with ALL families to enrich learning.
- Linking QA5 and QA6 to EYLF and QA1 as the foundation of your curriculum.
- Effective leadership strategies to ensure all educators are working together.
- Delegating to educators and promoting accountability.
- Motivating educators and getting all educators to contribute to your QIP.
