

MONDAY TO FRIDAY 9 to 13 March 2020

The checklist educators completed on Monday, Tuesday and Wednesday is based on the exceeding indicators for Standard 5.1. Use the checklist to identify any practice or knowledge gaps:

- Teach/coach those educators who have answered with a 'T'
- Talk with educators who have answered with a 'K' to find out why they don't always do that practice
- Make sure practice is truly embedded if they have answered with an 'E'

D	ובו

Do you need any new knowledge to be able to teach your educators? If yes, where will you get this from? eg what guides will you look at, who will you speak to? Could processes be improved so educators can always embed practice?

Who are you going to teach/coach and/or

What processes will you review?

When are you going to teach/coach them and/ or

When are you going to review the processes?

How are you going to teach/coach eg demonstration, role model, provision of resources, staff meeting etc and or

How are you going to review the processes eg observation, critical reflection, discussion with educators and management etc

Please note over the next three weeks we will be looking at Standard 5.2. Do you have any questions about Elements 5.2.1, 5.2.2 or the 5.2 exceeding themes? If so please email Matt matt@centresupport.com.au and we will try to include the answers in our weekly email on this page.

Analysis of Centre Support. Why are you doing this?

This table below will give your educators valuable feedback and show them exactly how their strengths, ideas, reflections and identified improvements write your service QIP. This section should take you no more than 20-30 minutes per room /group. Be honest when giving feedback and make sure you have the time to support your educators when you have identified an area for them to improve upon.

A completed sample is below and a blank template for you to use is on the following pages.

Comment:

- The examples are off track and don't cover the exceeding themes. Need to go back and look at the exceeding indicators.
- There are many negative practices that are identified that do not fit with the NQS requiring children to participate, implementing ideas which come mainly from educators.
- This is a critical reflection that should cause a change in practice

Then use the QIP entry from page 8

Comment:

Incredible work Bec, everything is covered, and it clearly shows how you are exceeding the NQS Standard with your practices.
