Environmental Sustainability Nominated Supervisor OSHC

NQS 3.2.3 Environmentally responsible

understanding of natural and man-made environments, including plants, animals, habitats, the impact of human activities, local environmental issues, and environmental issues connected to service operations? To support these activities: Do indoor and outdoor learning environments include lots of recycled resources, and do Oyes Ono Ony you/educators regularly source these from families and local businesses? Do indoor and outdoor learning environments include lots of diverse natural materials including Oyes Ono Ony native vegetation? Is there a rain gauge educators can use with the children to measure/graph rainfall? Oyes Ono Ony Is there a worm farm which can be included in daily activities? Oyes Ono Ony Is there a weggie garden where children can learn skills like growing food and gardening? Oyes Ono Ony Are bins labelled with pictures of items/recycling children can put in? Oyes Ono Ony	Name of the person conducting the checklist:	Date: _		
Do educators implement activities which help children appreciate, care for and increase their understanding of natural and man-made environments, including plants, animals, habitats, the impact of human activities, local environmental issues, and environmental issues connected to service operations? To support these activities: Do indoor and outdoor learning environments include lots of recycled resources, and do Oyes ONo ON, you/educators regularly source these from families and local businesses? Do indoor and outdoor learning environments include lots of diverse natural materials including Oyes ONo ON, native vegetation? Is there a rain gauge educators can use with the children to measure/graph rainfall? Oyes ONO ON, Is there a worm farm which can be included in daily activities? Oyes ONO ON, Is there a veggie garden where children can learn skills like growing food and gardening? Oyes ONO ON, Have you introduced animals children can interact with eg chickens/native bees (don't sting) etc? Oyes ONO ON, Are bins labelled with pictures of items/recycling children can put in? Oyes ONO ON, Practices to support sustainability Do you encourage children and families to implement sustainable practices eg reduce use of single Oyes ONO ON, use plastic, use electronic communications, use reusable water bottle, avoid heavily packaged food and plastic straws, BYO shopping bags, compost, recycle Do you purchase energy efficient appliances when required including energy efficient light globes? Oyes ONO ON, DN, panels, separate lighting circuits? Do you se natural light and ventilation wherever possible/sufficient? Oyes ONO ON, ON, ON, ON, ON, ON, ON, ON, ON,
