2020 Weekly learning activities Click here to download

Your team crave feedback on their weekly Centre Support professional development.

Getting appropriate feedback and seeing actions which come from their comments and reflections inspires them to keep on completing the professional development. It's important therefore that you read the Educators' section and make sure you and/or the Educational Leader:

- action the checklist results eg if educators ask for help by answering 'T' they get the help they need
- follow up their critical reflection ie help implement outcomes
- use their QIP contributions and display them.

Note QIP contributions can come from educators':

- Monday checklist If educators discovered practices, processes, checklist or areas they need to improve, help them improve eg with training, changing a checklist, a procedure or a physical area and decide whether to include in QIP Improvement section
- Tuesday sentences that explain how they're meeting example indicators. Decide whether to include as a QIP strength
- Wednesday reflection leading to changed practices. Decide whether to include in QIP Improvement section
- Friday QIP strength writing which includes how they're exceeding the element. Decide whether to include as a QIP meeting or exceeding strength.

Each week in the Nominated Supervisor section we will include:

- an area where you can set and monitor weekly goals
- a checklist based on the meeting indicators for the Element
- a review of the Regulations that apply to the Element (or other relevant information if no Regs apply)
- information about employment practices from the Federal Government's Fair Work website

Please note the 'Partnerships with Families' document that comes with the email should be displayed somewhere families can easily see it eg near attendance book and on your social media site i.e. Facebook. It provides families with the opportunity to contribute to policy reviews as required under Element 6.1.2.

1.	Set a goal for the week.
	Goal doesn't always need to link to NQS
	Element. A goal can be used to solve a
	challenge or be positive improvement i.e.
	learning area setup
	Click have few and townslate

Click here for goal template.

- 2. Identify barriers
- 3. Track the goal daily
- 4. Celebrate achieved goal.

Week 25, 10 to 14 August 2020-3.1.1 Fit for Purpose

Use the information from the Critical Reflection on Page 5 right hand column (Step 2 Change Practice) and the Policy Review to complete this section. We strongly suggest <u>all</u> educators complete their own Critical Reflection page so they can contribute to the QIP.

Critical Reflection and Policy Review - Actions identified

Input	Quality	Educator	Ideas to be actioned – these become your improvement plan	Date complete

As Nominated Supervisor and Educational Leader, you need to help your educators to plan HOW they are going to action the improvements they identified.

Week 25, 10 to 14 August 2020-3.1.1 Fit for Purpose

Detailed analysis of Centre Support - Part 2, comment and give feedback to your educators from the 3 sections

Last step – if no adjustments are required, copy directly into your QIP's strength section and display QIP so all educators can see how their valuable input creates your QIP.

Week 25, 10 to 14 August 2020-3.1.1 Fit for Purpose

Why are you doing the checklist?

The practices identified in the checklist are what the assessor needs to see you do so they can check you're 'meeting the NQS'. The checklist will assess your practices against the NQS Element. If you embed all the things in the checklist, then you are meeting the Element 3.1.1. If there's something on the checklist that you're not doing, then you need to either adjust your practice to do it, or you may need help and training to do what's on the checklist.

NQS 3.1.1 Fit for Purpose

Please conduct this checklist and address issues that are identified

Is there age appropriate furniture and equipment eg sized for children? O Yes ONO ONA Is there adult sized furniture for employees eg adult sized chairs? O Yes ONO ONA Is there adequate space for children to play alone? O Yes ONO ONA Is there adequate space for children to play in small or large groups? O Yes ONO ONA Is there adequate indoor space for non-mobile babies? O Yes ONO ONA Are educators able to easily supervise children in all areas? O Yes ONO ONA Is there are playground supervision plan for any hard to see areas? O Yes ONO ONA Does shade in outdoor play areas protect children from the sun? O Yes ONO ONA Does the fence stop children getting outside the premises? O Yes ONO ONA Is natural lighting supplemented by artificial lighting when required? O Yes ONO ONA Is there adequate ventilation and fresh air? O Yes ONO ONA Is there adequate ventilation and fresh air? O Yes ONO ONA Way eg heating/cooling temperatures not set too high or low? Are food preparation and storage areas adequate and hygienically maintained? O Yes ONO ONA Are sleep and rest areas quiet, comfortable and well ventilated? O Yes ONO ONA Are there administrative areas where employees and families can hold private O Yes ONO ONA Are there adequate toilet and hand washing facilities? Actions required to embed practice				

Regulations

Regulation 104 Fencing

(1)The approved provider of an education and care service must ensure that any outdoor space used by children at the education and care service premises is enclosed by a fence or barrier that is of a height and design that children preschool age or under cannot go through, over or under it. Penalty: \$2000.

(2) This regulation does not apply to a centre-based service that primarily provides education and care to children over preschool age.

Note. A compliance direction may be issued for failure to comply with this regulation.

Regulation 106 Laundry and Hygiene facilities

- (1) The approved provider of an education and care service must ensure that the service has—
- (a) laundry facilities or access to laundry facilities; or
- (b) other arrangements for dealing with soiled clothing, nappies and linen, including hygienic facilities for storage prior to their disposal or laundering that are adequate and appropriate for the needs of the service.
- (2) The approved provider of the service must ensure that laundry and hygienic facilities are located and maintained in a way that does not pose a risk to children.

Note. A compliance direction may be issued for failure to comply with subregulation (1) or (2)

Regulation 107 Space requirements indoor

- (2) The approved provider of an education and care service must ensure that, for each child being educated and cared for by the service, the education and care service premises has at least 3.25 square metres of unencumbered indoor space. Penalty: \$2000.
- (3) In calculating the area of unencumbered indoor space—
- (a) the following areas are to be excluded—
- (i) any passageway or thoroughfare (including door swings);
- (ii) any toilet and hygiene facilities;
- (iii) any nappy changing area or area for preparing bottles;
- (iv) any area permanently set aside for the use or storage of cots;
- (v) any area permanently set aside for storage;
- (vi) any area or room for staff or administration;
- (vii) any other space that is not suitable for children;
- (b) the area of a kitchen is to be excluded, unless the kitchen is primarily to be used by children as part of an educational program provided by the service.
- (4) The area of a verandah may be included in calculating the area of indoor space only with the written approval of the Regulatory Authority.

- (5) A verandah that is included in calculating the area of outdoor space cannot be included in calculating the area of indoor space.
- (6) In this regulation a reference to a child does not include—
- (a) a child being educated or cared for in an emergency in the circumstances set out in regulation 123(5); or
- (b) an additional child being educated or cared for in exceptional circumstances as set out in regulation 124(5) and (6)

Note A compliance direction may be issued for failure to comply with subregulation (2).

Regulation 108 Space requirements outdoor

The approved provider of an education and care service must ensure that, for each child being educated and cared for by the service, the education and care service premises has at least 7 square metres of unencumbered outdoor space. Penalty: \$2000.

- (3) In calculating the area of unencumbered outdoor space required, the following areas are to be excluded—
- (a) any pathway or thoroughfare, except where used by children as part of the education and care program;
- (b) any car parking area;
- (c) any storage shed or other storage area;
- (d) any other space that is not suitable for children.
- (4) A verandah that is included in calculating the area of indoor space cannot be included in calculating the area of outdoor space.
- (5) An area of unencumbered indoor space may be included in calculating the outdoor space of a service that provides education and care to children over preschool age if—
- (a) the Regulatory Authority has given written approval; and
- (b) that indoor space has not been included in calculating the indoor space under regulation 107.
- (6) In this regulation a reference to a child does not include—
- (a) a child being educated or cared for in an emergency in the circumstances set out in regulation 123(5); or
- (b) an additional child being educated or cared for in exceptional circumstances as set out in regulation 124(5) and (6).

Note A compliance direction may be issued for failure to comply with subregulation (2).

Regulation 109 Toilet and hygiene facilities

The approved provider of an education and care service must ensure that—

- (a) adequate, developmentally and age-appropriate toilet, washing and drying facilities are provided for use by children being educated and cared for by the service; and
- (b) the location and design of the toilet, washing and drying facilities enable safe use and convenient access by the children.

Week 25, 10 to 14 August 2020–3.1.1 Fit for Purpose

Regulation 110 Ventilation and natural light

The approved provider of an education and care service must ensure that the indoor spaces used by children at the education and care service premises—

- (a) are well ventilated; and
- (b) have adequate natural light; and
- (c) are maintained at a temperature that ensures the safety and wellbeing of children.

Penalty: \$2000.

Note. A compliance direction may be issued for failure to comply with this regulation.

Regulation 111 Administrative space

The approved provider of a centre-based service must ensure that an adequate area or areas are available at the education and care service premises for the purposes of—

- (a) conducting the administrative functions of the service; and
- (b) consulting with parents of children; and
- (c) conducting private conversations.

Note. A compliance direction may be issued for failure to comply with this regulation.

Regulation 112 Nappy Change Facilities

- (1) This regulation applies if a centre-based service educates and cares for children who wear nappies.
- (2) The approved provider of the service must ensure that adequate and appropriate hygienic facilities are provided for nappy changing.
- (3) Without limiting subregulation (2), the approved provider of the service must ensure that the following are provided—
- (a) if any of the children are under 3 years of age, at least 1 properly constructed nappy changing bench; and
- (b) hand cleansing facilities for adults in the immediate vicinity of the nappy change area.

Penalty: \$1000.

(4) The approved provider of the service must ensure that nappy change facilities are designed, located and maintained in a way that prevents unsupervised access by children. Note. A compliance direction may be issued for failure to comply with subregulation (3).

Regulation 114 Outdoor space - shade

The Approved Provider of a centre-based service must ensure that outdoor spaces provided at the education and care service premises include adequate shaded areas to protect children from overexposure to ultraviolet radiation from the sun.

Penalty: \$1000.

Note A compliance direction may be issued for failure to comply with this regulation.

Regulation 115 Premises designed to facilitate supervision

The approved provider of a centre-based service must ensure that the education and care service premises (including toilets and nappy change facilities) are designed and maintained in a way that facilitates supervision of children at all times that they are being educated and cared for by the

service, having regard to the need to maintain the rights and dignity of the children.

Note. A compliance direction may be issued for failure to comply with this regulation.

Who has to do what?

The Approved Provider must ensure:

- there's a secure fence around the premises that children can't get through, over or under
- soiled clothing, nappies and linen is stored hygienically and safely, and cleaned effectively
- there's 3.25 square metres of indoor space and 7 square metres of outdoor space for each child, not including any children you're looking after in an emergency (excludes those areas outlined in the Reg)
- there's enough toilets, sinks and dryers/towels etc that children can easily use (eg are child size) and safely access from inside and outside service
- indoor spaces are well ventilated (eg open windows and doors, or air con and fans), have adequate natural light (eg windows, doors, skylights) and are kept at temperatures that are comfortable and safe
- there's areas available for administrative tasks and private conversations
- there's enough hygienic nappy changing facilities and children can't access facilities alone
- there's at least 1 changing bench and handwashing sink with soap and towels etc close by if there's children under 3
- adequate shading covers active and passive play areas.
 Shade may be provided by large trees, heavy shade cloths and solid roofs
- children are always well supervised. Windows and partitions can help supervision eg young children can be supervised and given privacy while using the toilet through the use of low partitions. (Educators should not be viewing children who go to school using the toilet.)
 Windows can be used to help supervise children who are sleeping/resting.

Note some older services have different for Regs 104, 107 and 108. The Approved Provider can be fined \$1,000 or \$2,000 for breaches of some of the regs, and potentially prosecuted in a court of law.

Week 25, 10 to 14 August 2020-3.1.1 Fit for Purpose

4.2.2 Professional standards

Professional standards guide practice, interactions and relationships.

This week we're including a COVID Safe Plan template rather than an item from Fair Work. Services who remain open in metropolitan Melbourne are required to have this Plan under Stage 4 lockdown restrictions. We have adapted the Plan template for other States and Territories. You need to review the template to ensure it meets your particular circumstances and those of your State or Territory.

For Victorian Services Only

The following is a summary of <u>recent support</u> announced by the Federal Government:

Stage 4 Metropolitan Melbourne

- An extra 30 days allowable absences and waiving of gap fees (total allowable days 72)
- A higher Transition Payment of 30 % of pre-COVID revenue (5% top up of previous 25%)
- Additional top-up payment for eligible services receiving low CCS payments (less than 50%) and having reduced attendance to below 30% to receive extra payments of between 10% and 25%

Stage 3 Regional Victoria

 An extra 30 days allowable absences (total allowable days 72)

Permitted Worker Scheme

Stage 4 Metropolitan Melbourne

Services must be **closed** unless providing cared to children of permitted workers:

From 6 August employers must issue a worker permit to employees working at the premises. Penalties of up to \$19,826 (for individuals) and \$99,132 (for businesses) apply to employers who issue worker permits to employees who do not meet the requirements of the worker permit scheme or who otherwise breach the scheme requirements.

Fines of up to \$1,652 (for individuals) and up to \$9,913 (for businesses) also apply to anyone who breaches the scheme requirements. This includes employers, and employees who do not carry their worker permit when travelling to and from work.

Permitted Workers Permit forms can be downloaded here

Childcare Permit

From 6 August only the children of permitted workers and vulnerable kids can access childcare and kinder. This includes permitted workers working from home. See <u>permitted industries</u>. You should use these permits to enable access to care.

week 23, 10 to 14 August 2020- 3.1.1 Fit for rui pose

Looking for a flexible training solution?

At the Australian Community Education College, we're all about flexibility. We know that different training options suit different people.

Traineeships and Recognition of Prior Learning are great ways to meet the new legislation. There are considerable State and Federal Government financial incentives available to centres which are willing to employ a trainee and give them the opportunity to study while working. The Australian Community Education College (ACEC) provides nationally recognised training to the Children's Services sector. Our training focuses on workplace practices which are already in place.

Alternatively, ACEC can assess your team members, and based on their experience may be able to provide a qualification through the process of Recognition of Prior Learning, or RPL. The process is a simple one and in most cases no study is required. Various levels of support are available for the RPL process.

The team at ACEC are available now to help you find the right solution for your training needs.

Call the ACEC helpdesk now to discuss your needs. Let us help you find the right training solution.

What are our clients saying?

"I recommend ACEC because the training they offer is different. By integrating training work with the day to day work of Educators, the time pressures of study are minimised and the training outcomes are maximised. For a Children's Service to exceed it needs high quality staff, and that's just what training with ACEC delivers." Alisa Hough - Early Childhood Educator, Toowoomba Qld.

"I really wish ACEC had been around when I was doing my Diploma. My trainees are so competent and already running their rooms. Even with all my experience as a Director, I'm learning things by helping my trainees with their work. I'll definitely be using ACEC in the future; the benefits for my centre are so much more than the training." Jenny, Nominated Supervisor, Ekidna ELC.
