

The checklist educators completed on Monday, Tuesday and Wednesday is based on the exceeding indicators for Standard 1.1. Use the checklist to identify any practice or knowledge gaps:

- Teach/coach those educators who have answered with a 'T'
- Talk with educators who have answered with a 'K' to find out why they don't always do that practice
- Make sure practice is truly embedded if they have answered with an 'E'

Plan

Do you need any new knowledge to be able to teach your educators? If yes, where will you get this from? eg what guides will you look at, who will you speak to? Could processes be improved so educators can always embed practice?
