

Families are informed about the program and their child's progress.

Section 9 - Educational Leader and Nominated Supervisor

First step: We must ensure the Law and Regulations are always met. **Second step:** then we look at the NQS and work through the process of meeting the element. **Third step:** then we can look at and complete the exceeding themes.

The logo above shows the effort required to do these three components. It should be easy and take little time to meet the Law and Regulations once you know what is required. Meeting then can become everyday practice, while exceeding takes a lot more time, thinking, connecting to families and community and practice change.

There are **6 things** that you need to do with your service and educators.

- (1) Review the points from the Law and make yourself familiar with them. Conduct the compliance test with your educators to check their knowledge.
- (2) To help your educators learn I have provided a video
- (3) Add to your folder the daily planner so you can document and show the assessor how you are working with educators. Use documents provided in this section.
- (4) Guide your educators to ensure they are at the meeting level, use the examples in the educators' section and the checklist to help you know exactly what is required.
- (5) Explore the exceeding themes with the examples in the educators' section and your section for critical reflection and families and communities.
- (6) Work with your Nominated Supervisor and edit the QIP (SAT for NSW) template provided by Centre Support to ensure it is reflecting your service's practices.

Compliance test for educators

Instructions: Nominated Supervisor is to conduct the test. Ask one educator at a time in a location that other educators cannot hear or provide support to the educators being asked the question. Record the responses then analyse to see if the educators' responses would place you at risk of a fine. Finally, train the educators that fail to meet the regulations.

Is it a requirement in the Regulations for educators to involve parents in decisions related to their child's learning? Miss Sofie has only found Regulations that mention providing information. Please respond.	The Law section 168 'Offence relating to required programs' provides penalties up to \$20,000 if the program's not based on the developmental needs, interests and experiences of each child, or designed around children's individual differences. It's pretty hard to do this effectively without involving parents in decisions.	
Miss Riley is aware of Regulation 76, 'Information about educational program to be given to parents,' but it refers to another Regulation, number 74. How is Regulation 74 relevant, and what is it about? Please provide an explanation.	Reg 74 is about documenting assessments or evaluations of children's learning, and it also says these must be easy to understand for other educators and the child's parents.	
Mr. Harrison has asked for clarification on the meaning of 'educational program,' which is mentioned in the Regulations as information that must be given to parents. What does this term refer to?	'Educational program' is defined in the Regs (Reg 3) as a program referred to in Section 168 of the Law ie an approved learning framework eg EYLF/MTOP
